PROFESSIONAL SUMMARY

Recent BS Computer Science graduate with a strong academic foundation in web development, programming, and software engineering. Hands-on experience building web applications using HTML, CSS, JavaScript, and modern frameworks. Passionate about creating responsive, user-friendly interfaces and integrating frontend components with backend services. Quick learner with strong problem-solving skills and a keen interest in modern frontend technologies, including React, Bootstrap, and REST API integration. Seeking a Trainee Front-End Developer role to apply technical skills and grow in a professional environment.

EDUCATION

BS Computer Science

2022 – 2026

COMSATS University Islamabad, Abbottabad Campus

CGPA: 2.59 / 4.00

Relevant Coursework: Web Development, Databases & SQL, Object-Oriented Programming (OOP), Data Structures & Algorithms, Operating Systems, Computer Networks, Software Engineering, Artificial Intelligence & Machine Learning.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), Bootstrap Learning , React Basic , jQuery Learning
Backend & APIs	REST APIs, JSON, HTTP Fundamentals, FastAPI Learning , .NET Awareness
Programming	Python, Java, C/C++, C#
Databases & Tools	SQL, MySQL, PostgreSQL Learning Git, GitHub, VS Code, Linux Basics, Browser DevTools
AI / ML Exposure	Fundamentals, Classification, Regression, Model Evaluation (Coursework in Deep Learning, NLP, CV)

PROJECTS

E-Testing System — Web-Based Online Examination Platform

Final Year Project

Tech Stack: HTML, CSS, JavaScript, SQL, REST APIs

- Designed and developed responsive frontend interfaces for exam creation, management, and candidate participation.
- Implemented secure user authentication workflows and interactive exam delivery components.
- Integrated frontend views with backend web services using REST APIs and JSON data handling.
- Tested, debugged, and optimized frontend scripts for cross-browser compatibility and responsiveness.
- Contributed to system architectural design, requirements gathering, and technical documentation.

Personal Portfolio Website

Academic / Personal

Tech Stack: HTML, CSS, JavaScript, Git

- Developed a personalized portfolio to display academic achievements, projects, and technical skills.
- Focused on modern UI/UX principles, smooth navigation, and fully responsive layouts across mobile and desktop.

CERTIFICATIONS & TECHNICAL EXPOSURE

- AI/ML Specialization** — Coursera (In Progress)
- API Integration & Web Services:** Hands-on RESTful API integration for seamless client-server communication.
- Modern Web Frameworks:** Active learning and building core skills in React and Bootstrap for modern frontends.

LANGUAGES

- English:** Fluent

AVAILABILITY & STRENGTHS

- Available for full-time, onsite roles in Lahore.

- **Urdu:** Fluent
- **Pashto:** Native
- **German & Arabic:** Basic

- Immediate availability to start work.
- Strong debugging, adaptability, & teamwork.
