PROFESSIONAL SUMMARY

Recent BS Computer Science graduate with solid Python fundamentals and hands-on experience applying them to a real backend project — REST APIs, relational database design, and problem-solving under real constraints. Comfortable with Git version control and collaborative development. Currently building on this foundation with Django and Flask. Looking for a 3-month internship to gain enterprise-level experience and grow under experienced engineers.

TECHNICAL SKILLS

Python	Intermediate — functions, data structures, file/JSON handling, backend logic (FYP)
Frameworks	Django & Flask — currently building hands-on proficiency
Backend & APIs	REST APIs (designed and integrated in FYP), JSON
Databases	SQL, MySQL (intermediate), PostgreSQL (learning)
Version Control	Git, GitHub
Other Languages	Java, C/C++, C#, JavaScript basics

RELEVANT COURSEWORK

Object-Oriented Programming · Data Structures & Algorithms · Database Systems · Software Engineering Concepts · Operating Systems

FINAL YEAR PROJECT

E-Testing System — Web-Based Online Examination Platform

- Built the backend in Python for a web-based exam platform that digitizes testing and automates result processing.
- Designed the relational database schema and wrote SQL queries for exam, user, and result data.
- Built and integrated REST APIs to connect the frontend with backend services.
- Diagnosed and fixed a cross-tab timer-sync bug through methodical debugging (sessionStorage + server-side timestamp validation).
- Used Git for version control and collaborated with a small project team.

PROJECTS

Student Manager — Python CLI Application

Personal Project

- Built a command-line student management tool in Python using functions, lists, and dictionaries.
- Implemented add / view / search functionality with JSON file persistence, version-controlled with Git.

CURRENTLY LEARNING

- Django and Flask, to build production web applications on top of existing Python and REST API skills.

EDUCATION

BS Computer Science — COMSATS University Islamabad, Abbottabad Campus

2022 – 2026

CGPA: 2.59 / 4.00

LANGUAGES

English (Fluent) · Urdu (Fluent) · Pashto (Native) · German (Basic) · Arabic (Basic)

AVAILABILITY

Available immediately for a full-time, hybrid internship in Lahore.
