SUMMARY

Computer Science graduate with a foundation in JavaScript, HTML/CSS, programming fundamentals, databases and software engineering. Hands-on portfolio work includes a Python-based Student Manager using lists, dictionaries, JSON persistence and structured functions. Seeking an entry-level software engineering opportunity where I can contribute to web development, API integration, debugging and team delivery while rapidly strengthening my MERN stack skills.

EDUCATION

BS Computer Science — COMSATS University Islamabad, Abbottabad Campus | 2022–2026

CGPA: 2.59/4.00 • Relevant coursework: Web Development, Databases, Object-Oriented Programming, Data Structures, Software Engineering, Operating Systems, Computer Networks, Artificial Intelligence and Machine Learning.

PROJECTS

Student Manager — Python Application | GitHub: github.com/Jay5566170/student-manager

Built a command-line student management application with Python using functions, lists and dictionaries for structured data handling. Implemented JSON file persistence so student records survive between program runs, plus add/view/search functionality and input validation. Used Git/GitHub to version and publish the project.

E-Testing System — Final Year Project

Contributed to project documentation, requirements/workflow understanding and testing discussions for a web-based online examination system. Developed familiarity with the project's web architecture and the flow between user interface, application logic and data handling.

TECHNICAL SKILLS

Web	HTML, CSS, JavaScript, basic React
MERN Direction	MongoDB, Express.js, React.js and Node.js - actively building practical familiarity
APIs	REST API concepts, HTTP basics, JSON
Programming	Python, Java, C/C++, C#
Databases	SQL fundamentals, relational database concepts
Tools	Git, GitHub, Linux fundamentals
AI / ML	Academic foundations in AI/ML and model concepts

RELEVANT STRENGTHS

Problem solving • Debugging mindset • Fast learner • Team collaboration • Communication • Adaptability • Willingness to learn new frameworks and development practices

LANGUAGES

English — Fluent • Urdu — Fluent • Pashto — Native • German — Basic • Arabic — Basic

AVAILABILITY

Available immediately for full-time onsite opportunities in Lahore.
